DETAILED ACTION

1. This office action is responsive to the Request for Reconsideration, filed 6/6/02.

While the examiner generally agrees with Applicant's position with respect to Recapture (i.e., the Reissue application does not attempt to recapture previously surrendered subject matter), the examiner requests that applicant clarify the statements made at page 8 of the Request for Reconsideration (lines 14-19). Specifically, applicant states, "Further, as noted on page 35 paragraph 3 of the amendment in the present application, it describes 'Storing a piece of page information . . . '". However, first, what is meant by "page 35 paragraph 3 of the amendment" is unclear. The preliminary amendment, filed 11/19/01, does not have 35 pages in it, and the page that is labeled "35" (which replaces the originally filed page 35) does not include the language quoted by applicant. In order to clarify the record, the Examiner requests that Applicant file comments explaining his intent.

2. Claims 1-26 are allowed.

3. This application is in condition for allowance except for the following formal matters:

The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.
